Summary

Hardworking and dedicated Bca student with strong skills in frontend web development including Html, Css, Javascript, and Bootstrap. Experienced in building responsive, user-friendly web applications and collaborating with cross-functional teams to achieve business and marketing targets. Highly motivated, quick learner, and committed to continuous professional growth.

Experience

Web Developer, Elytespark Innovation Pvt Ltd Feb 2026 – present

- Engineered and maintained high-performance web applications using React.js, JavaScript (ES6+), HTML5, and CSS3, ensuring robust structure and seamless user experiences.
- Developed responsive, pixel-perfect frontend components that optimized cross-browser compatibility, resulting in a cleaner UI and a noticeable boost in user retention.

Projects

Elytespark | HTML5, CSS3, JavaScript, PHP, Bootstrap

- Designed and developed a mobile-first educational portal utilizing HTML5, CSS3, and the Bootstrap framework to deliver a highly responsive and accessible user interface across all devices.
- Engineered interactive frontend components using vanilla JavaScript to handle DOM manipulation, real-time form validation, and dynamic content rendering for a frictionless user experience.

Mavcore IT Services | React, Tailwind CSS

- Developed a high-performance service-oriented platform using React, focusing on component-based architecture for maximum code reusability.
- Designed a responsive, modern UI/UX for international prospects, ensuring a seamless experience across all mobile and desktop browsers.
